

Colourful, exciting artwork to transform office environments

# EyeSpace

Product information

Specification valid from 19th July 2010.

## EyeSpace Digital Wallpaper

Add dramatic impact to architectural spaces with this durable, digitally printed wall-covering.

The EyeSpace Digital Wallpaper is a very effective way of creating large scale graphic installations. Any size and shape of wall can be treated, including wrapping circular columns and recessed bays. Images may be selected from the EyeSpace online galleries. Alternatively we will research and produce images to meet your exact requirements, or we can use artwork that you supply yourself.

These are bespoke products so please contact us for a quotation, or for further information.
