

Colourful, exciting artwork to transform office environments

# EyeSpace

Product information

Specification valid from 19th July 2010  
until further notice.

## EyeSpace Frame

A beautifully simple and cost-effective way to introduce high quality artwork to workspaces and office environments.

EyeSpace Frame allows artwork to be printed and mounted in a wide variety of shapes and sizes, whether as individual pictures or as sets.

Artwork images are printed onto fabric in brilliant colour and fixed into a slimline aluminium outer frame. A special edging strip is applied to the fabric which allows it to be mounted into the frame from the front. The aluminium frame contains a special fixing detail that allows images to be interchanged as often as required without having to remove the frame from the wall. Ideal for situations where artwork and graphics need to be refreshed on a regular basis.

Specification valid from 19th July 2010  
until further notice.

## EyeSpace Frame

Outstanding features that make EyeSpace Frame the ideal way to introduce high quality artwork to any workplace.

- A wide range of bright, colourful images - allows online selection and design so you can create the ideal artwork for your office.
- Unlimited image and product combinations - find the right size and format for every location.
- Images printed onto high quality fabric - gives a beautiful textured finish and radiant colours.
- Slimline aluminium framing system - simple and quick to install, and available up to 2500mm square.
- Interchangeable printed fabric artwork - allows images to be readily changed whenever you need a new look - just fit in a new print without having to remove the frame from the wall.

**Printing:** Graphic image solvent inkjet printed onto fabric, finished with silicone edging and fabric pull tag. Fire rating is B1.

**Frame:** Silver anodised aluminium frame, drilled all round for screw fixing direct to wall. Any combination of height and width from 750mm up to 2500mm. Bespoke sizes also available.

**Fixings:** Complete with wall plugs, screws and hex key. Supplied with wall brackets for sizes up to 1250mm x 1250mm. Larger frame sizes are drilled with screw holes for wall fixing.

**Installation:** Supplied packed and ready for simple assembly and installation by customer. A full installation service is available on request.

Delivery free to all UK mainland addresses.
